ture and prices before making a decision. It was said that it was not necessary to purchase all equipment from one company but separate items could be obtained from each bidder. Successful bidders will be announced following a special meeting of the board at 7:30 p.m. today.

Delivery of from 30 to 60 days was promised and the board was congratulated by each salesman for taking advantage of a slack period in the school equipment business enabling the companies to offer better selections and prices.

Building program estimates were approved, No. 4 amounting to \$14,512 and No. 5, \$23,630. Also approved was a fee bill of \$577.13, representing one and a half per cent of the total, to the architectural firm of Kuykendall and Proffer. This represents payment for work completed during the periods covered on the three current construction projects.

Purchase of a new motor for one of the school buses was approved along with an air conditioning unit for administrative offices of North Bay Elementary.

Superintendent J. D. McCullough announced that there would be 44 graduates from Bay High and 21 from Valena C. Jones this spring. Purchase of diplomas was also approved.

Trustee Maurice J. Artigues moved that an activity report be made monthly so trustees would have better knowledge of school activities and the motion was tabled for further discussion at the next regular meeting May 2. It was noted that member Robert Hamilton had suggested a similar report at a previous meeting.

After approving current monthly bills the meeting was adjourned shortly before 10 p.m. The meeting had opened at 6 p.m., most of the time being used in the demonstration of furniture.

called for making proper application with evidence to the finance commission for use of 16th section principal funds to erect a two-classroom addition and principal's office and to request Rep. Clarence Lader to introduce a local and private bill at the current session of the legislature providing for use of 16th section principal funds for this purpose.

Phillips advised going through the normal channels first and holding the local and private bill as an insurance proposition should the finance commission turn down the construction proposal.

Superintendent K. G. McCarty reported that Gulfview Principal Paul Langphere had suggested the existing lunchroom might be converted into two classrooms as one relief measure with a new lunchroom added at lesser cost. McCarty observed the lunchroom might be financed with proceeds from the sale of timber on the Kiln School property.

Phillips expressed belief that the finance commission would not be prejudiced by introduction of a local and private bill, indicating he had discussed such an approach with them. He also voiced more optimism over the outlook for a favorable reception from the commission to the building program than had been earlier anticipated. An earlier effort last summer to get the two classrooms built was rejected because Gulfview did not meet attendance requirements.

Improvements to the principal's home at Gulfview were authorized so long as neither the bill for material nor for labor exceeds \$100.

The board agreed to let a community group at Sellers use the old school baseball field and cafeteria to sell refreshments until disposition can be made of the property. Powell reported he had talked with a promoter who will circularize leaflets about the property in the North in an effort to interest buyers. He also moved to send a truck to Sellers to get desks, usable chairs and other items which can be used elsewhere in the system. President Charles B. Murphy said the Logtown School could use the deep freeze.

Travel expenses for D. J. Martin, vocational agriculture teacher, were approved for March with the notation that he has a limit of \$600 for the year. A request from Beta Sigma Phi sorority to use a school-owned bus to go to an outing in Louisiana was turned down as not being within the board's scope.

7:30 p.m. Good Friday. Sunday services include Sunday school at 10 and morning worship at 11 a.m., followed by Easter Communion at the close of the service. The Power of the Resurrection is the topic of the Easter sermon. Special Easter is scheduled Easter morning.

Services at First Baptist Church are Sunday school at 9:45 and morning worship at 11 a.m. Training Union will be at 6:30 and evening worship at 7:30 p.m. The Easter sermon will be God's Plan for Salvation.

Coast Mayors Eye Tax Hike

Bay St. Louis Mayor John Scaffide voted in favor of a proposed one-half cent sales tax increase which was also supported by five other coast administrators Monday night in Long Beach.

An election date on the proposed tax is expected to be proposed Monday when mayors of coast municipalities meet at 10 a.m. in Biloxi.

Mayor Garfield Lader of Waveland indicated there had been no discussion of the tax proposal among his officials.

During the session, called by Mayor R. B. Meadows Jr. of Gulfport, president of the Mississippi Coast Municipal Association, Mayor Scaffide noted Bay St. Louis needs sewerage and water but officials must have time to detail the program to the residents. He cautioned against rushing into the election.

The group also voted to endorse a one-cent tax on beer which has already been passed by the state senate.

Attending with Mayors Scaffide and Lader were Commissioner Warren Traub of Bay St. Louis and Alderman A. N. Grass, Clerk C. O. Dufour and Marshall Fred Bourgeois of Waveland.

Shoulda Gone Fishin'

BY EDDIE ENGELHORN

Several good catches of perch and green trout were made last weekend despite bad water but salt water anglers are still fishing the blues; the water is slow clearing up. It is still muddy in the Bay and hard to spot flounder but specklers have snagged a few. Experienced fishermen predict good water after Easter, provided good weather holds out. The beautiful weather brought out plenty of boats and reports are that the water at the Keys has improved but little.

Mallory Elimination Series Led by Chapman

Harry Chapman, Bay-Wave-land Yacht Club's representative to the district Mallory Cup eliminations last year, put himself in good position for a repeat performance in 1960 winning three of the four elimination races sailed in local waters last week-end.

Two races were sailed Saturday and two more Sunday, the final two in the six-race series planned for next Saturday. Chapman won the first three races and placed second in the fourth to lead the standings with 23 3/4 points. Second was Don Chamberlain sr. with 17 points, followed by Jack Gordon with 14, Bobby Boh with 13, Claude Kohler with 10 1/4, and Carl Marshall with seven. Kohler won the fourth race.

As the sailing season gets into full swing, the club's board

of governors last Friday night approved a season sailing fee for those competing in the races rather than the option of paying race by race or for the entire season as in the past. The club also approved purchase of a committee boat from Charles Lozano which it has used for the last two years.

Races are scheduled each weekend now through the summer, according to Henry B. Chapman, racing chairman, who is hoping for a gala turnout Easter Sunday afternoon, following the luncheon at the club.

Tigers Win Opener, Seek Revenge Today

A smashing home run drive with two men on base by left-fielder Big Jim Mayfield sailed away Bay High's first baseball game of the season last Thursday when the Tigers swamped Harrison Central 20-3 here.

Pitcher Barry Stephens went the route for Bay High with Rommie Peterson behind the plate. The Tigers routed three of Harrison Central's pitchers.

It was a slam bang game with every Tiger getting at least one hit, Mayfield's homer coming in the bottom of the fourth. Shortstop Milton Bernard got two doubles, one with a man on base.

have signed up already to attend the opening regatta of the Gulf Yachting Assn. April 30 and May 1 at Destin, Fla.

In addition to the racing head, committee chairmen for the year include J. W. Watts jr., fish class; N. A. Renshaw, entertainment; Don Prentice, harbor master, and K. W. Pepperdene, house.

First baseman Tommy Johnson also chalked up a double with a man on.

Monday the Tigers traveled to Pacyune but couldn't get going and lost 16-3 but they will have another crack at the Pacyune nine today. Coach Lance Lumpkin said errors and walks cost his team the game and has been working his lads hard for today's contest.

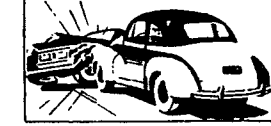

Stephens, who was charged with the loss, couldn't get his curve breaking and headed for the showers in the fourth after a homer with the bases loaded. The circuit clout, plus six free passes, four hits and a number of errors accounted for 10 runs by Pacyune in the inning.

Pacyune was credited with only five clean hits while the Tigers got three, Peterson slugging out two singles and Bernard one.

Winning pitcher was Wallace who chalked up 14 strikeouts in seven innings.
